MISCELLANEOUS BUSINESS: Member Smuckler spoke about the abatement that may be given to HOF Village in their purchase of the McKinley Grand Hotel. He corrected the misconception that this would take away any current school money, if passed. He stated that the previous \$5 million given to the HOF by the city was used to repair Fawcett Stadium because it was falling down. He stated that he would love to work with other people, but the work has to go both ways and this was their tool to save the Hotel. He said he would be voting for the tax abatement. Member Hall agreed that we don't need another boarded-up building. Member Mariol said the schools would receive an additional 25% of what the property tax should be, on top of what they are currently receiving, which means more money for the schools, if this project gets done. President Sherer read a postcard given to him by Dave Patete, asking that all Council Members take time to work with the Canton residents. He also requested Members take a few days each year to work with the Fire, Police and Service Departments to learn what they do on a daily basis and to show their pride in the Hall of Fame city and suggested more Police Officers walk the beat to help prevent crime. President Sherer commended Member Scaglione and those that helped with the clean-up in Ward 5 that took place this past weekend. He was amazed at how organized it was. Member Scaglione thanked all of the volunteers who helped with the successful clean up of Ward 5.

QUOTE OF THE WEEK: *"Trust takes years to build, seconds to break and forever to repair."* - Author Unknown.
