CLERK TIMBERLAKE: Twelve yeas Mr. President.

PRESIDENT SCHULMAN: Motion carries and Rule 22A is suspended and the Ordinances are a legal part of your agenda.

MEMBER DOUGHERTY: Mr. President.

PRESIDENT SCHULMAN: Yes, Member Dougherty.

MEMBER DOUGHERTY: Okay, I just wanted to clarify that. Thank you.

PUBLIC HEARINGS

PRESIDENT SCHULMAN: We're now under Public Hearings. We have no Public Hearings this evening.

OLD BUSINESS

PRESIDENT SCHULMAN: We're now under Old Business and I believe we have no Old Business to attend to.

PUBLIC SPEAKS

PRESIDENT SCHULMAN: We are now under Public Speaks. We have three public speakers tonight. Our first is an old friend, Mr. Charles Killins, if you'll step forward and give us your name and your residential address and welcome sir.

CHARLES KILLINS: *(Inaudible)*

PRESIDENT SCHULMAN: Is that on, Brian do you know?

CLERK TIMBERLAKE: It's on.

PRESIDENT SCHULMAN: Okay good.

CHARLES KILLINS: Can you hear me now?

PRESIDENT SCHULMAN: Now we can hear you.

CHARLES KILLINS: Like I said, I spoke to you sometime ago regarding this type of speaker placement here in City Hall back there. I hope you replace the sound system in this. And go to the Safety Director, Mr. Safety Director you seen in the paper where the FBI is investigating the City in relations to some things they may find irregular. And Mr. Joe Martuccio, you are the Law Director, I think you should know when you serve papers on a person that is illegal and not right and wrongfully produced, this is a violation of a constitutional right. I have a copy here of when the letters that was sent to me and it has several different mistakes in it and wrongful violations, constitution and I'd like to leave it with the Safety Director and hopefully the other ones I will send to the FBI and ask them to review this here and you won't have to worry about how long it's going to take because if you can see here, you've done a lot of work for nothing in relations with wrong producing papers and address and names, person and other things. And other than that, that's all I have to say accept I asked the Mayor when he was up where I lived at to go behind and look 10 feet where the demolition and some wrongful housing, code in violation, all he had to do was about 20 feet but I

MINUTES OF THE MEETING NOVEMBER 14, 2011

found that he was able to take a trip to Japan. I don't know how many miles that is but it's a lot farther than 20 feet that he could have took in about 5 minutes. I don't know how long the trip to Japan will take but I hope when he gets back the Service Director directs him as to (*inaudible*) which I showed him relating to wrongful (*inaudible*) station which needs to be taken care of by the City Code Inspector, Building Code Inspector all over the City. Now, I see a lot of things that wrongfully not taken care of by the City of Canton and now I think maybe we'll have some, like I say, I don't know how many different Members we've had in Council next year but hopefully maybe we'll see these here and take action and like I told you, maybe next time I'll be on the ballot.

PRESIDENT SCHULMAN: Thank you Mr. Killins very much, thanks for coming. We appreciate it. Our next speaker is James Parker. Mr. Parker, another friend of Council. If you'll step forward and give us your name and residential address. And I always like what you have to say but try to keep it within three minutes please. Thanks.

JAMES PARKER: You don't know me that well but thank you.

PRESIDENT SCHULMAN: No, that's why I said that, I do know you that well. Okay.

JAMES PARKER: Thank you. James Parker, 630 Penny Street SW, City of North Canton, Ohio. The mission statement of Canton Tomorrow, Inc. states that they recognize that the vitality of our central city sustains and reflects our community's sense of history and self image and their continuing revitalization of the central city. Note, we are no longer downtown Canton, we are central city, the central plaza is now center city. Yet as the world capital of professional football, the Pro Football Hall of Fame city, there isn't any recognition of Canton's organic part of football history during the genesis of the game, during the birth of the NFL. I consider this a gross oversight that we don't recognize that the central city does not accurately reflect the mission statement of the Canton Tomorrow Inc., Canton development and the SID, etcetera. Am I the only person in this room that sees this huge oversight here, that there is no recognition of football as a reflection of our history and self image in Canton Central City? Why not have a contest that challenges Cities of pro football teams to send a representation of their City's team in the form of an outdoor art object using artistic licensor. We could line the MLK Corridor along Cherry Avenue and perhaps name it Alan Page something, Marion Motley, the man deserves more than a project...a street in the projects named after him people. We could line that and enhance the bike lane bus stop project. Why not examine multiple ways to football pop this area or we can sustain the status quo and have the usual homogenized could be in any 1,000th places cityscape. Please, I ask you during future meetings on this topic to transcend the mundane and help transform the cityscape to reflect our status as the Pro Football Hall of Fame City and put tourist and tourist's dollars down here by putting the drivers in place that the majority of tourists come here to see over 500 a day, 14 different states, I challenge you to drive through the Football Hall of Fame parking lot, look for yourselves, they're turning 50 in a year and a half, what do you have planned? Are you waiting for them to tell you what to do or are you going to be proactive and instead of 100 years ago we had the McKinley Monument built, 50 years ago we had the Hall of Fame, what now? Can we think forward please and get something going on this? Thank you very much.

PRESIDENT SCHULMAN: Thank you. Thank you Mr. Parker, you always give us good ideas, I hope we'll follow through with them. Our last speaker this evening is Pastor David Morgan. Pastor Morgan, welcome again and if you'll step forward and give us your name and your residential address please and good evening.

MINUTES OF THE MEETING NOVEMBER 14, 2011

DAVID MORGAN: David Morgan, I live at 922 27th Street NE in Canton. I'm here on my annual pilgrimage to issue an invitation and reminder. We heard football is one of those things that singularly marks Canton as a place to live, I will give you another one. In the community interfaith Thanksgiving service. For over thirty years now, people of different faith traditions and different ethnicities have gathered on the eve of Thanksgiving to give thanks as Americans all. We might hear the words of the Koran or the Tora or the Christian Bible. We might hear the poetry of the Bahai faith, we might hear songs from the Hindu or Buddhist traditions. This is an opportunity when we as neighbors can gather and in our native tongues and in our American voices give thanks for this good land and this City. Canton is one of the very few communities in this Country and certainly one that has the longest tradition of this kind of service where we can not only sit next to and sing next to our brothers and sisters of a variety of faiths but also enjoy with them a bit of refreshment afterwards and conversation. This year the service will be held at Calvary Presbyterian Church, 1525 Shorb Avenue, NW, 7:30 PM, Wednesday, November the 23rd, the speaker....the main speaker for the message this year is Rabbi John Adlon, the new Rabbi at Temple Israel and as always you are invited and encouraged to come and celebrate this unique and I think blessed event. Thank you.

PRESIDENT SCHULMAN: Thank you as always Pastor Morgan. Thank you.
