ROLL CALL 12 YEAS, 0 NAYS

CLERK TIMBERLAKE: Twelve yeas, Mr. President.

PRESIDENT PRO TEM MORRIS: Thank you. Okay...now...we're under Agenda and Corrections...okay, Rules 22A Suspended...just trying to catch up here...okay...Public Hearings, we have none...

**OLD BUSINESS**

PRESIDENT PRO TEM MORRIS: There is no old business.

**PUBLIC SPEAKS**

PRESIDENT PRO TEM MORRIS: ...and tonight we have 5 speakers. First being Ms. Julie Sparks. Please state your name and your address for the record, please.

JULIE SPARKS: *(Inaudible)*...Is it on yet?

CLERK TIMBERLAKE: Yes, it's on, yes, it's on...

JULIE SPARKS: 1514 Vassar Ave. NW, Canton, Ohio 44703. *(Inaudible)*. Julie Sparks provided information on urban agriculture and food access to get fresh food to the citizens. There are now a few Farmer's Markets and community gardens around the city. Mobile markets and urban farms are coming up in the nation. If you see any items labeled as Start Fresh, they are from J.R. Coleman.

PRESIDENT PRO TEM MORRIS: Thank you. Next speaker tonight is Mr. Eric Resnick. Please state your name and address.

ERIC RESNICK: Eric Resnick, 1828 Grace Ave NE 44705. *(Inaudible)*. Mr. Resnick spoke as the President of the Canton Join Recreation Board. A few weeks ago he was here and felt their Board was disrespected. They work hard at providing due diligence in matters regarding this Board. If there are any questions regarding their policies or project, please contact them. Thank you. *(Applause)*.

PRESIDENT PRO TEM MORRIS: Thank you. *(Inaudible)*. Next speaking tonight is Mr. Bruce Nordman. Mr. Nordman state your name and your address for the record, please.

BRUCE NORDMAN: I'm Bruce Nordman. I reside at 1623 Logan Ave. NW, in Canton. A couple of weeks

**MINUTES OF THE MEETING AUGUST 11, 2014**

ago, it was a great week for Canton. Out in front of this building is the birth of the NFL. One of the first of many statues, and we're doing a great job in catching up to Cooperstown, and I hope we continue to do that. Congratulations to everyone involved. But tonight, I'm here to urge the Council to approve the \$2,000,000.00 loan to Steve Coon and the Onesta Hotel. This is got a real short fuse in term of doing a lot of good for the City, just like the invocation last...a couple of weeks ago, with the Hall of Fame statue, because it's going to open on the 31<sup>st</sup> of October. So, this is another positive thing for the City, unlike the Hercules project, which is also a positive thing, but down the road a piece. So, here's another bang, bang, that's going to be good for the City of Canton. This is our third time as Group 175, appearing before the Councils and talk and urge for help from City Council and from the Administration, to get this project finalized. Steve's got a great history of dedication to this City. He has reached in his pocket many, many times, spent his own money on projects to the benefit of Wards in the City, starting when he was a youngster at the age of 16 when he got involved in the restoration of the Saxton Home, which we now use as a draw for our own citizens and for people visiting the City. He took out of his own pocket, money to re-light and re-start the Kennedy Flame over in Monument Park. I know he's worked with many councilmen, Councilman West, to help with pro...projects that have been beneficial to the City. When Group 175 raised \$2500.00 for the banners, Canton McKinley beat Massillon, all of a sudden we had a banner and no place to put it; so I called Steve and he said, "Sure, put it outside of the Canton Club". This is a guy that has donated so much effort to the City, and I urge you to approve this as soon as possible so this project can be finished. And I'm sure as you speak, members of the audience here, they've all got great stories about Steve Coon and what he's done for this City, and the Onesta is most certainly another jewel in the crown of restoring Canton to the pride that it once had and I'm happy to be here to urge you to do this as soon as possible. Thank you. (*Applause*).

PRESIDENT PRO TEM MORRIS: Thank you Mr. Nordman. Next up is Becky Murray...or Murphy. Sorry Becky.

BECKY MURPHY: That's alright.

PRESIDENT PRO TEM MORRIS: Please state your name and your address for the record, please.

BECKY MURPHY: My name is Becky Murphy. I live at 1470 St. Elmo Ave. NE, and for the record, I've lived in Canton for 13 years and I have no idea who Steve Coon is. (*Laughter*). I am here to...I am here tonight because of a tax law you passed that effectively punishes people like me, who found decent paying jobs outside of the City of Canton. You don't see it as punishing me by limiting the 2.25% of Akron taxes I pay to just 1.7% allowed to be applied to my Canton tax liability, but I do, and here is why. Industrial buildings not cleaned out properly were the cause of a sulfur dioxide spill in our recent history, and forgive me for not following up my last visit here, but I'm not aware of any known actions to rectify other possible buildings that may be storing dangerous chemicals. Correct me if I'm wrong, I'd be happy to hear that you're actually doing something about that from my last visit here, but I'm just not aware of that myself. You spent \$400,000.00 of taxpayer dollars for the Shotspotter System installed in my neighborhood, but yet the patch job of 15<sup>th</sup> Street NE, between Rowland and St. Elmo, of a section of street literally falling apart is horrible. But if you drive down 25<sup>th</sup> Street NW, the patch jobs down there are beautiful. Let's not forget how 12<sup>th</sup> Street NW, near Fulton, and 12<sup>th</sup> Street between Market and Mahoning Road have been grooved in preparation of being paved months ago, and still aren't done yet. People literally have to drive like 10 mph to go down that street. I may not live by Malone College or North Market, past 30<sup>th</sup> Street, but I pay my taxes. Maybe I'd feel like the \$88.78 I now apparently owe you, would be worth it if the above-mentioned problems in Ward 2 and other places were taken care of with the same pride that other areas of Canton are taken care of. Maybe if poor people felt like the City cared about them, we wouldn't be so angry about back-handed tax laws, that again,

**MINUTES OF THE MEETING AUGUST 11, 2014**

feel like a punishment more than anything to people who get so very little in return from the City they live in. I hope I touch your compassionate, human side tonight, instead of just falling upon the deaf ears of politicians. I hope I make a difference here. The City is only as strong as its weakest link and just what are you going to do about it, besides pass revenue generating tax laws that do nothing but burden the people who couldn't find a decent paying job here. Thank you. (*Applause*).

PRESIDENT PRO TEM MORRIS: Thank you. Next up, Mr. Jim Parker.

JIM PARKER: Good evening, thank you. James Parker. 630 Penny St. SE, city of North Canton. New urban farm landscape, that sounds good. Agriculture and farming below the front line, she might want to consider what they're working on in Cleveland currently. What will it look like in 20 years, 30 years, 50 years? Perhaps we could use the basements of demolished homes, like terrariums, and cover them. Mr. Resnick, though, is the only man I know that can start a fight at a peace conference. That dog don't hunt. As far as any implications of imputing Law Director Martuccio's character, that dog don't hunt. Now, my plan here and what I want to talk about tonight, is to use traditional Chinese medicine for opioid, crack, heroin detoxification. We have no current method outside of Methadone, which is harder to detox from and longer to detox from, at least that's proven, than heroin itself. Now, I've mentioned Dr. Metulu Shakur, who in 1974 at the Lincoln Hospital in South Bronx, New York, started the first program using the work of Dr. Hsiang Lai Wen of Hong Kong, among other. Hundreds of heroin addicts were being treated simultaneously. As reported by Dr. Misha Ruth Cohen, in her book on Chinese healing. Shakur pioneered this National Acupuncture Detoxification Association (NADA), in Spanish, meaning nothing. And, it still exists. And they have national protocols. And I'd like you to consider Acupuncturists Without Borders, who have worked with the Cleveland Zoo Chief Buddhist Charitable Organization at Ground Zero and beyond. Just like the junkies, it's time Stark County admits that we need help and leave no stone unturned in reaching out for that help. There is no alternative medicine. It's either medicine, it works, it's real and proven, or it doesn't and it isn't. The World Health Organization list goes on. The Chinese medicine's been proven to be effective. These approaches could offer a sea change in how we shift our paradigm towards more effective treatments in order to save lives. Whose life is next? Your daughter? Your nephew? When one of yours goes, you may have wished you taken this idea more seriously. I did when my brother George died at age 29. So, if you don't think I have a vested inference...interest in what I do around here, you may be sadly mistaken. Because from a very personal level, I've studied this type of approaches for twenty years now. So, I have quite a few of those stories. In closing, I believe the police sub-station at 12<sup>th</sup> and Shorb Ave. could be re-opened and utilized as a treatment center location for these, new to use, approaches. Turning away no one on account of pay. Your support of any of these approaches like this will save lives. My final to this honorable Council, if not us, who? If not now, when? The bodies are piling up in mounds. Are there any questions? Somehow I didn't think so. Thank you. (*Applause*).

PRESIDENT PRO TEM MORRIS: Thank you Mr. Parker. That concludes Public Speaks. We'd like to thank you all for coming out, speaking this evening.

**INFORMAL RESOLUTIONS**

PRESIDENT PRO TEM MORRIS: We are now under Informal Resolutions. Madame Clerk can you please read Resolution 34 by title, please.

MEMBER BABCOCK: Second.

PRESIDENT PRO TEM MORRIS: It's been moved and seconded that Ordinance #144/2014 has been amended. Can somebody summarize it please?

LAW DIRECTOR MARTUCCIO: Mr. President, Members of Council, Ms. Smith, this Ordinance is being reconsidered and amended at the request of our Service Director and Engineer Bodenschatz. There were some accounts that needed to be re-named and re-calculated. The reconsideration and the amendment to the Ordinance do that, and again, this is for the Faircrest Sanitary Sewer Project. Thank you.

PRESIDENT PRO TEM MORRIS: Any remarks?

MEMBER HAWK: Mr. President.

PRESIDENT PRO TEM MORRIS: Member Hawk.

MEMBER HAWK: Thank you. Is there a change in the dollar value of this?

MEMBER BABCOCK: Second.

PRESIDENT PRO TEM MORRIS: It's been moved and seconded to amend the Ordinance per a copy in front of each Council Member. Any remarks? Law Director.

LAW DIRECTOR MARTUCCIO: Mr. President. This is an Ordinance vacating a portion of Amerman Place NE, and it involves replatting a vacated street, part of a lot, and several whole lots. Mr. Bodenschatz of the Engineering Department, asked us to make some corrections to make this simpler and up to date. At the point it was drafted, time was of the essence and there were some owners who needed to be replatted into one lot. That has been accomplished, so this amendment is updating it to its current needs. Thank you.

FINANCE DIRECTOR DIRUZZA: Mr. President.

PRESIDENT PRO TEM MORRIS: Finance Director.

**MINUTES OF THE MEETING AUGUST 11, 2014**

FINANCE DIRECTOR DIRUZZA: The amendment for this is simply requested by the Auditor's office. There are two, there's a supplemental appropriation of \$500,000.00 from the Sewer Fund to go to the WRF Phosphorous Project, there's also a Meter Fund transfer in conjunction with that \$500,000.00, which allows the money to be moved from the Sewer Fund to the WRF Project, and lastly, there was an appropriation transfer added for \$2000.00 from personnel expenses to other expenses to cover possible mileage reimbursements and any other miscellaneous items.

PRESIDENT PRO TEM MORRIS: Any other questions? Okay, by voice vote, those all in favor signify by saying aye. Those opposed no.

PRESIDENT PRO TEM MORRIS: Thank you. No other committees? Good.

**MISCELLANEOUS BUSINESS**

PRESIDENT PRO TEM MORRIS: Turning now to Miscellaneous Business. Is there any miscellaneous business?

MEMBER WEST: Mr. President.

PRESIDENT PRO TEM MORRIS: Member West.

MEMBER WEST: Mr. President, I have two things. Could we first take a moment of silence for the Martin family, the Gonzales family, and the driver, I don't know his name. We had a major incident this past weekend, suicide and a child dying. It was a major tragedy that it impacted this Ward, so if we could take a moment of silence for the families. Thank you. The second thing that I wanted to just bring up, and this is not in my ward, but I think it affects every ward. Historically we really, we all got behind the Sherrick Road Project to try and get those roads done. Last year it was the Harrisburg Road, but I don't know how many of you guys travel on Fulton, but that road is hideous, and whatever we can do to get behind re-paving Fulton. I think we should do that because it a really bad situation from 12<sup>th</sup> all the way down. I don't know if that's Hawk's ward or Mariol's ward. It's somebody's ward, but I believe that we all need to get behind it because it impacts us all. Thank you.

PRESIDENT PRO TEM MORRIS: Thank you. Anybody else?

MEMBER FISHER: Mr. President.

PRESIDENT PRO TEM MORRIS: Mr. Fisher.

MEMBER FISHER: Thank you sir. At the last meeting, I was remise in thanking Members West and Mariol, who both attending a town hall meeting that we held last month over at the Habitat for Humanity, the new Restore location, and also, Steve Katz from the Chamber of Commerce, who attending as the main speaker and several local business owners. We did it on the topic of supporting local business. We had a great turnout. Forty to forty-five people there. I think it was pretty successful, but we had a few Council Members who came down and took the tour of the facility, which is really amazing. If anybody has not done that yet, I would urge you to get down there. When I first went through there, I walked out kind of feeling like an idiot. I thought Habitat for Humanity...they build houses, end of discussion, what else is there to talk about? I came out of, I couldn't believe all the things that those guys do in the building. It really is amazing, so I would encourage anyone that has not yet done so, get down and see the new location on Raff Road, but also to the members who attended, I do want to thank you guys.

PRESIDENT PRO TEM MORRIS: Thanks Member Fisher. Anyone else.

MEMBER HART: Mr. President.

PRESIDENT PRO TEM MORRIS: Member Hart.

MEMBER HART: Yes, I'd just like to...we have a young man sitting in the back, with his lovely girlfriend here, from East Sparta who's attending the meeting. A future Eagle Scout, and again, I just would like to congratulate

him on his endeavors. He's soon to be 18, and the time is running out, but he said project's done and ready to go, finishing up a badge, but an early congratulations on your achievement. (*Applause*).

PRESIDENT PRO TEM MORRIS: Law Director.

LAW DIRECTOR MARTUCCIO: Mr. President. Members of Council. A comment on the amount of amendments. Please take that as a compliment. Because your Service Director, your Purchasing Director, and a number of other folks in the Administration, various Department heads, are being extremely conscientious about reading Legislation that we send them. We get a Communication, we draft an Ordinance, we send it to them. They read it and they actually have, occasionally, better ideas and corrections. So by the time it hits third readings, you're getting a perfected Ordinance. I just wanted to praise our Service Director in absentia, during his honeymoon, and others. And I appreciate that. And to Mr. Parker. Mr. Parker has come to us with a number of ideas, some of which have come to fruition. He's a very creative person. On acupuncture, I can speak to that personally. Tomorrow I'm visiting an acupuncturist and I am paying for it out of my own money because our healthcare plan doesn't cover it, but it helps prevent a lot of other money being spent. I am convinced, in having had herniated discs in my lower back and neck over the years from industrial injuries and others, that it has helped me not take drugs and it has helped me prevent surgeries. So, I haven't spent the kind of money at Aultman Hospital that maybe I would otherwise, or Mercy Hospital. I do think it's something worth looking into. Now, in terms of the deaths of these unfortunate folks, anything that we can partner with, the Community Clinic or some program with, to help prevent unnecessary deaths, I think is worth a look. That's just my opinion folks. Thank you.

PRESIDENT PRO TEM MORRIS: Anyone else? Okay, before I go to our Leader. Law Director, with a pounding head cold, I hardly find five amendments a blessing. (*Laughter*). Leader.

MEMBER SMITH: One more thing I would like to say...I would like to compliment the Police Department, their Security, the Administration, for all that they did during the Hall of Fame. Everything was swell, it was great. We had a fantastic time. I think Canton really did a great job. (*Applause*). And at this time, this meeting is adjourned.
