PRESIDENT PRO TEM MORRIS: Lois DiGiacomo. Please state your name and your address for the record, please, and welcome.

LOIS DIGIACOMO: Lois DiGiacomo Jacobson, 2327 Applegrove Street, North Canton, Ohio. I'm here tonight to talk to you about promoting diversity in Stark County. In 1998 I was a founding member of Coming Together, Stark County. This is an organization, the only organization that is devoted exclusively to inclusion, diversity and the dignity of all. Since October of 2014 I have promoted a national diversity training company that has the very same mission, Dialogues on Diversity. I have met with Stark County leaders to introduce this company, leaders in government, education, religion, safety, business and social services. Dialogues on Diversity was founded in 2005 by Larry Tish and Ron Jones. They have been here in Canton three times to meet with Coming Together Stark County and community leaders. During one of their visits I recorded an interview with Ron Jones. A copy of it is in the manila envelope that I brought for information about this organization, and all of you have a copy. On March the 1st they will bring Dialogues on Diversity to Stark County for three programs. First, they will meet with Stark County leaders from all sectors to present information about their work. Then two public productions at Umstattd Hall and Kent State Stark. After the productions Larry and Ron dialogue with audience members about what they have experienced with their program and about Stark County's diversity. All of this will be videotaped for subsequent programming. March 1st is not simply an event. March 1st is a launch. A beginning for ongoing diversity programming in Stark County. After Dialogues on Diversity students and leaders in all walks of life will know the value of

MINUTES OF THE MEETING JANUARY 4, 2016

coming together, the value of creating ongoing diversity programming. Our goal is to realize that it is our diversity that will make Stark County a better place to live. I have about 40 seconds left if anyone has a question. My contact information is on the manila envelope that I've given you, and I will keep providing further information about this program ongoing. Thank you for your time. (*Applause*)

PRESIDENT PRO TEM MORRIS: Thank you.

MEMBER BABCOCK: So you're saying 6:15 then?

PRESIDENT PRO TEM MORRIS: No, I'm guessing 6:30 should be fine. That gives us a few minutes to take care of Personnel, and that would probably give Dan about 45 minutes cause we all know Dan likes to talk. So, we're good.

SERVICE DIRECTOR BARTOS: Mr. President.

PRESIDENT PRO TEM MORRIS: Director Bartos.

MINUTES OF THE MEETING JANUARY 4, 2016

SERVICE DIRECTOR BARTOS: Just wanted to update Council and members of the public on a couple of things. Number one, the evaluation committee for the RFQ's for Market Square met today and had a very good initial meeting. Um, I think we've made some progress, and you'll probably see a communication geared towards entering into contracts for the design and construction oversight probably next week. Also, I'm sure many of you heard that we had a major water main break today. A 24 inch concrete water main was damaged by a contractor doing work on the Hall of Fame Village Project. Um, our water department responded along with our fire department and health department. Um, the main concern was Mercy Medical Center. They had low pressure for a short while. They're pressure has since increased to where they can operate effectively and efficiently, so that main concern has been addressed. A secondary concern was obviously McKinley High School. They had to close early today because they are without water. They may be without water tomorrow as well, and they're looking into bringing in some temporary water supply to have school tomorrow, or if not potentially closing again tomorrow. But the schools will be going through their normal protocol for communicating that to parents and students, so if you're a student or a parent make sure to be on the lookout for word from the schools. And also the Hall of Fame is without water and they're trying to do some temporary things to operate. I think they brought in some temporary restroom facilities for... for the folks coming to visit today, so... I actually just got a video sent to me from Superintendent Converse. The... the company that has to done this work for us is on the scene right now. They'll be working throughout the night. Um, we also had eight residents of Plain Township that live on 17th Street between Broad and Clarendon, they're water supply is going to be effected at least over the night. Credit to the Hall of Fame, they have actually offered to provide them with a night's stay at a local hotel to... to make up for the fact that they'll be without water if they have nowhere else to go. So, our water department went door to door and is communicating all of that to them, and letting them know about the inconvenience. So, that's all I have at this time on that.

PRESIDENT PRO TEM MORRIS: Thank you, Director.

MEMBER SMITH: Mr. President, I'd just like everyone to keep Joyce Sumlin in their prayers. She was over the Monroe Center and a community leader. She's in the Cleveland Clinic.

PRESIDENT PRO TEM MORRIS: Thank you, Member... Okay. Well, I know everybody wants to get out of here, but I think the hardest thing in life you can ever try to become is yourself. Once you become yourself you can't compromise who you are. You just stay true to yourself. So, being true to myself I could not walk away from this microphone without speaking about today's editorial. I found it offensive. I found it disgusting to think that Council Members are going to be graded, scorecard, for a performance on Monday nights. Mahoning Road corridor was not done on Monday nights. 12th Street was not done on Monday nights. Bill Smuckler did not sit in parking lots at bars trying to close them down on Monday nights. Many of us work a lot of hours during the week. We attend meetings. We meet with the Administration. We have finance meetings. We have capital meetings. We answer calls to our constituents. It's a part time job that sometimes turns into a full time job, so everybody you got an A on your scorecard in Council tonight. Thank you very much, but I had to speak on that. I felt that that was very offensive. You people work your butts off. You deserve a lot more praise than you really get, and your work is done Tuesday through Sunday, and we can all admit that sometimes this is probably the worst part of the job is having to put on a suit, come in here and sweat our butts off on Monday night. Leader.

MEMBER SMITH: Mr. President, I move we adjourn.

MEMBER BABCOCK: Second.
